Dear President Reagan,
I would like to express
my concern to you about
the subject of Raoul
Wallenberg. Do you think
it might be possible for
you to speak to Mil-
ward L. Eisenhower for the
release of Raoul if he
is dead or the release
of him if there might
be any indication of
him being alive. In
either case he may
be honored for his bravery
and his heroic actions
during the war. Many
more letters will follow
on this serious issue
if not by me, by me
by many other students
or adults concerned on
this matter.
